✏ELTE Tag questions quiz 242

1. She has been negotiating with the suppliers for weeks, _____?

✓ **A** hasn't she

B didn't she

C isn't she

i The present perfect continuous uses has been + -ing. The affirmative statement takes the negative tag hasn't she.

2. They rarely acknowledge their mistakes, _____?

A don't they

✓ **B** do they

C have they

i Rarely has a negative meaning, so the tag is affirmative. The present simple requires do with they.

3. The board hadn't anticipated such a strong reaction, _____?

A hadn't it

B did it

✓ **C** had it

i The past perfect negative uses hadn't. The tag must be affirmative: had it.

4. By the end of this year, she will have completed her doctorate, _____?

✓ **A** won't she

B hasn't she

C will she

i The future perfect uses will have + past participle. An affirmative statement takes the negative tag won't she.

5. You wouldn't have accepted the offer without consulting your family, _____?

A wouldn't you

✓ B would you

C had you

i The statement is negative because it contains wouldn't. Therefore, the tag is affirmative: would you.

6. Nobody had warned the residents about the impending closure, _____?

A hadn't they

✓ B had they

C did they

i Nobody is negative in meaning, so an affirmative tag is required. The pronoun they refers to nobody.

7. The proposal is unlikely to gain unanimous support, _____?

✓ A is it

B isn't it

C does it

i Unlikely gives the statement a negative meaning. The tag is therefore affirmative: is it.

8. You weren't expecting the negotiations to collapse so abruptly, _____?

✓ A were you

B weren't you

C did you

i The past continuous uses was/were + -ing. Since the statement is negative, the tag is affirmative: were you.
