✏ELTE Connecting ideas quiz 251

1. The restaurant received excellent reviews. _____, it was fully booked for weeks. (Hint: result)

A However
✓ B Consequently
C Conversely
D Admittedly

i Consequently introduces a result. Because the restaurant received excellent reviews, it became very popular and was fully booked.

2. The new policy will reduce costs. _____, it will improve the company's efficiency. (Hint: adding another advantage)

✓ A Furthermore
B Nonetheless
C Hence
D By contrast

i Furthermore adds another supporting point. The policy has two benefits: reducing costs and improving efficiency.

3. The journey was exhausting. _____, we were delighted to have visited such a beautiful place. (Hint: contrast despite a difficulty)

A Accordingly
B Hence
✓ C Even so
D To that end

i Even so means “despite that.” Although the journey was exhausting, the experience was still enjoyable.

4. The hotel is located in the city centre. _____, it offers easy access to public transport.
(Hint: an additional advantage)

✓ **A** In addition

B Conversely

C Ultimately

D Nonetheless

i In addition introduces another piece of information that supports the positive description of the hotel.

5. Some people believe that working remotely increases productivity. _____, others argue that it reduces teamwork.
(Hint: presenting an opposing viewpoint)

A Consequently

✓ **B** Conversely

C Furthermore

D Accordingly

i Conversely introduces an opposite perspective. The first group highlights a benefit, while the second emphasises a potential disadvantage.

6. The evidence was not entirely conclusive. _____, the researchers decided to publish their findings.
(Hint: despite the uncertainty)

A Hence

✓ **B** Nonetheless

C To that end

D In addition

i Nonetheless means “despite that” or “nevertheless.” The researchers published their findings even though the evidence was not conclusive.

7. The company wants to reduce its carbon footprint. _____, it has invested in renewable energy.
(Hint: an action taken to achieve a goal)

A That being said

✓ **B** To that end

C By contrast

D Admittedly

i To that end means “for that purpose.” Investing in renewable energy is a specific action intended to reduce the company's environmental impact.

8. Living in a big city offers many opportunities. _____, the cost of living can be extremely high.
(Hint: introducing a disadvantage)

- A Furthermore
- B Hence
- ✓ C However
- D Ultimately

i However introduces a contrasting idea. Although big cities offer many opportunities, they can also be expensive places to live.

9. The northern region has a mild climate. _____, the southern region experiences extremely hot summers.
(Hint: comparing two contrasting situations)

- ✓ A By contrast
- B In addition
- C Consequently
- D To that end

i By contrast highlights a clear difference between two things. Here, it compares the mild climate in the north with the hot summers in the south.

10. _____ the initial investment is considerable, the project could generate substantial profits.
(Hint: recognizing a negative point before presenting a positive one)

- ✓ A Admittedly
- B Hence
- C Conversely
- D Accordingly

i Admittedly acknowledges that something is true, often before introducing a counterargument. The investment is expensive, but the project may still be profitable.

11. The company has faced several financial difficulties. _____, it remains committed to expanding internationally.
(Hint: introducing a contrasting consideration)

- ✓ A That being said
- B Consequently
- C To that end
- D In addition

i That being said introduces a qualification or contrasting point. Despite its financial difficulties, the company still intends to expand internationally.

12. The demand for skilled workers has increased considerably. _____, employers are offering more competitive salaries.
(Hint: a response to a change)

A Nevertheless

✓ B Accordingly

C By contrast

D Admittedly

i Accordingly indicates that an action follows logically from a situation. Employers are offering better salaries in response to the increased demand for skilled workers.

13. There are several possible solutions to this problem. _____, we need to choose the one that offers the greatest long-term benefits.
(Hint: the final consideration)

A Furthermore

✓ B Ultimately

C Even so

D Conversely

i Ultimately introduces the final consideration or most important conclusion. After considering the different solutions, the long-term benefits should guide the decision.

14. It rained heavily, __ the match was canceled.
(Hint: consequence)

A nevertheless

B on the other hand

C meanwhile

✓ D hence

i Hence correctly links the heavy rain to the cancellation of the match, indicating a consequential relationship.

15. _____ regular physical activity is essential for maintaining good health. _____, everyone should try to incorporate exercise into their daily routine.
(Hint: stating an obvious fact and drawing a conclusion)

✓ A It goes without saying that / Therefore

B By contrast / Nonetheless

C Hence / Conversely

D Admittedly / However

i It goes without saying that emphasises something considered obvious or widely accepted. Therefore introduces the logical conclusion: if exercise is essential for good health, people should include it in their

daily routines.
